

Full Health & Safety Management Control System

This is a fully comprehensive all encompassing system for use by a Church or Place of Worship of any size, especially designed for those who are extremely busy but want peace of mind in relation to **Health & Safety Legislation** and the avoidance of potential litigation.

Included in the system:

1. An initial Health & Safety compliance audit, which is completed by our consultant to identify any non-compliance gap areas that require attention, to ensure compliance and future compliance with all Health & Safety.
2. A unique personalised Health & Safety Policy that covers the following:
 - General Health & Safety Policy Statement
 - Specific Health & Safety Policy statements on the following:
 - First Aid and Accident reporting.
 - Use of electrical equipment.
 - Fire precaution and prevention
 - COSHH
 - Display screen equipment.
 - Disability Discrimination Act and Access.
 - Stress & Violence in the workplace.
 - Asbestos Recording regulations.
 - Risk Assessments.
3. Our system and Manual will be installed by one of our technical consultants who will in conjunction with the nominated person complete all the necessary forms and carry out the necessary **Risk Assessments**.
4. We will also carry out annual visits to the premises to update the Risk Assessments and the system.
5. You will receive regular ongoing information updates to cover all and new legislation changes.
6. You will receive our Health & Safety certificate for public display.
7. We will arrange at cost any necessary Health & Safety signs as required by the Risk Assessment – relevant to Fire and Emergency.
8. Completions of your Disability Access audit to ensure you have the necessary plans in place to comply with legislation.
9. Access to the telephone Health & Safety helpline.

Prices for this full system from under £10.00 per week.

Abbreviated Health & Safety System

This Abbreviated system is ideal for use by a Church or Place of Worship of any size, it has been especially designed for those who are extremely busy, yet still want to maintain for themselves an effective comprehensive Health & Safety system giving them peace of mind in relation to **Health & Safety Legislation** and the avoidance of potential litigation.

Included in the system:

1. An initial Health & Safety compliance audit, which is completed by our consultant to identify any non-compliance gap areas that require attention, to ensure compliance and future compliance with all Health & Safety.
2. A unique personalised Health & Safety Policy that covers the following:
 - General Health & Safety Policy Statement
 - Specific Health & Safety Policy statements on the following:
 - First Aid and Accident reporting.
 - Use of electrical equipment.
 - Fire precaution and prevention
 - COSHH
 - Display screen equipment.
 - Disability Discrimination Act and Access.
 - Stress & Violence in the workplace.
 - Asbestos Recording regulations.
 - Risk Assessments.
3. Our System Manual will be delivered; where it will be completed by the nominated person, who will complete all the necessary forms and complete the necessary **Risk Assessments**.
4. You will receive regular ongoing information updates to cover all and new legislation changes.
5. You will receive our Health & Safety certificate for public display.
6. We can arrange [at cost price] any necessary Health & Safety signs as required by the Risk Assessment – relevant to Fire and Emergency.
7. Access to a telephone Health & Safety helpline

Prices for this Abbreviated system from under £1.00 per day.
